

## EU MISSION: CANCER

<b>Name of activity</b>	<b>EU Mission: Cancer</b>
<b>Reference framework</b>	Horizon Europe
<b>Lead DG/Organisation</b>	DG RTD, DG SANTE
<b>Link(s) to website(s)</b>	Version: <a href="#">September 2021</a>
<b>Programme Period</b>	2021-2030
<b>Contact</b>	<a href="mailto:RTD-SANTE-CANCER-MISSION@ec.europa.eu">RTD-SANTE-CANCER-MISSION@ec.europa.eu</a>

### Objectives

The Mission on Cancer ambitiously aims at jointly achieving together with the BCP improvement of the lives of more than 3 million people by 2030, through prevention, cure and for those affected by cancer including their families, to live longer and better exploring several ways:

- The Mission on Cancer will generate knowledge and evidence for the implementation of new actions in the areas of understanding, prevention, diagnosis, treatment, and quality of life.
- The Mission on Cancer will constitute a point of contact with European citizens, who will be fully involved in co-creating specific activities.
- Citizen engagement activities at national level will represent a real added value for the Cancer Plan, by building trustful dialogues with citizens and providing direct citizens' feedback on the proposed initiatives.
- The Cancer Mission Board is part of the overall governance of the Europe's Beating Cancer Plan and will act as a scientific advisory group during its implementation. The Chair and vice-Chair have observer status in the Member States' subgroup on cancer<sup>21</sup>, which consists of experts from health and research ministries.
